

The Daysleepers

Twilight Bloom

This is the tenth in a series of singles released by London live night/record label Club AC30. The series is called As & When, and will follow the same general format of limited edition numbered 7" and digital release. The theme is "bands we like" and the frequency is "as & when".

The Daysleepers are four creative individuals from Buffalo NY and share a common love for shoegaze and post-punk. Their debut album Drowned In A Sea Of Sound was released last year on Clairerecords to much acclaim in the indie community. Their sound encompasses elements of Cocteau Twins, Cure and Chameleons, with a little hint of Slowdive, hazy guitars and warm synths.

Twilight Bloom is a blissed out introduction to what The Daysleepers can do, hopefully heading for UK dates this Autumn. 200 limited pressing.
